ABOUT THE COMPANY

Bhanot Engineers, Inc (BEI) is a multi-discipline consulting engineering firm, located in Germantown, MD. Since 2008, the firm has provided services to a wide spectrum of clients including government agencies, engineering firms, contractors and private sector clients. We as a company serve multiple market sectors and project types to include program management, road design, site civil design, underground utilities, water and sewer, construction management and renewable energy.

BEI has a mission of providing the highest quality product to our clients which is inseparable from our mission to provide improved design through creativity, study and dedication. We continuously strive to provide appropriate, technical and economically viable solutions within scope, budget and schedule.

We only take projects that we can confidently handle and guarantee premium quality of our deliverables. On our staff we have Professional Engineer's, Licensed Surveyor's, and Certified Project Manager's and therefore can provide precise support needed for any project.

ENERGY

BEI provides a variety of energy related services to both public and private clients to address the challenges of an ever changing energy environment:

- Land and right of way services
- Surveying and mapping
- Environmental Site Design and Permitting
- Electrical and Mechanical design
- Structural design
- Energy audits and assessment
